Churchlands WA 6018

To Whom it May Concern,

My name is Lisa Campbell and I am the Year 12 Children, Family and the Community teacher at Churchlands Senior High School. We have had the Baby Think it Over program, now delivered by Red Ginger Services, in the Year 11 and 12 Children, Family and the Community class for the past four years.

The program is not only a virtual parenting experience, but also covers important sexual health information. It is a unique event in our school community and is something which the students look forward to each year. I believe it is a highly beneficial program, as it allows participants to understand first-hand the demands of becoming a parent at a young age.

Some feedback from current students:

“It has put me off having children for a long while. It showed the reality of it and busted the ‘perfect’ image of having a baby”

“It was cool – a good experience to let teenagers know that it is not appropriate for us to have children.”

“I thought the experience was terrifying. It was an eye-opener because I never considered having a child at my age would be so difficult.”

We have enjoyed having Christina deliver Baby Think it Over in our school, and highly recommend the program to other schools and community groups who are interested in engaging the students in an interactive and interesting way, with the often difficult, but necessary subject matter of sexual health.

Kind Regards,

A handwritten signature in black ink, appearing to read 'Lisa Campbell', written in a cursive style.
